

A hand is shown lighting a match that is touching the fuse of a firework. The firework is wrapped in yellow and red striped paper with a yellow starburst graphic and the text 'Webinthebox Super Rocket'. The background is white with the 'webinthebox' logo in a large, bubbly, yellow font with a red outline.

Rocket Into The New Year With a New Business

Visit the Webinthebox® Franchise Launch,

Light blue touchpaper and...

...Do anything but retire!

Use of the internet is increasing dramatically. Every day in the UK more businesses realise that not to have a web presence is now as unthinkable as not being in the phone book 20 years ago.

Research indicates that by the year 2011 there will be upwards of 10 million self-employed people and small businesses in the UK. This alone is sure to drive up demand for high quality, low cost, easily maintained web sites.

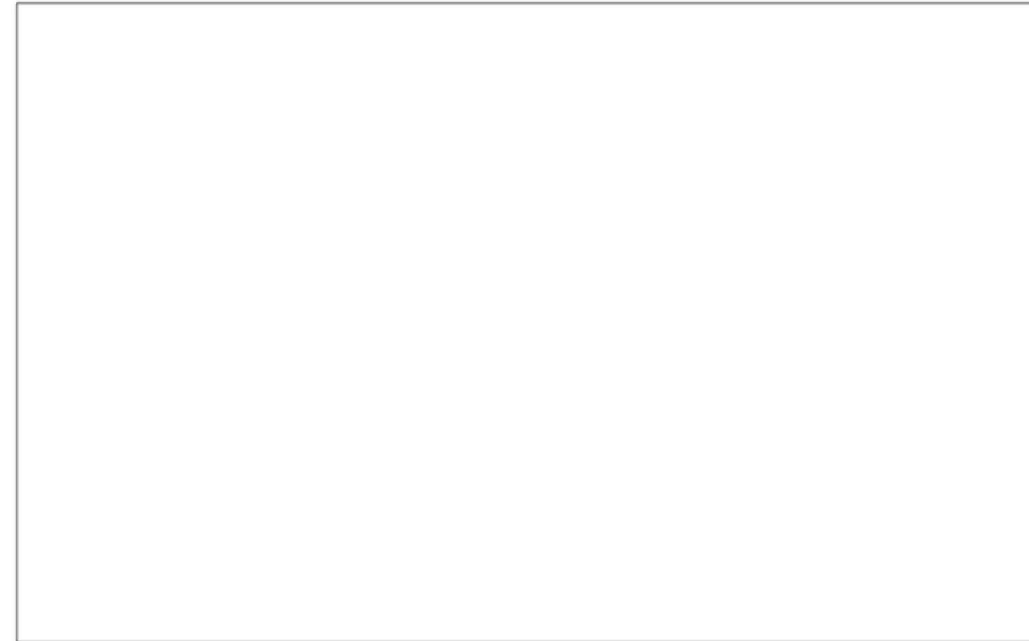

You can be a part of the team that satisfies this growing demand by taking on a Webinthebox® franchise. No specialist technical knowledge is required, the most important characteristics being a good understanding of business and the people that make it all happen. If you have been in business on your own account or been involved in a sales or marketing role, you will doubtless have many of the skills that we need. Likewise, if you have graphics or copywriting skills, you can bring those to the fore, using Webinthebox® as a framework to support your talents to benefit your customers.

Webinthebox® franchisees can expect good earnings both one off and ongoing from a market that is continuing to grow even though times are difficult for many. Initial costs are low, as are the ongoing fees with Webinthebox® franchises, and there is a wealth of training, support and advice to make sure you get your new business off the ground as quickly as possible.

Visit our launch seminar in December to find out more. All it will take is a couple of hours of your time, there is absolutely no obligation and we will even throw in a nice cuppa. We are sure you will find it time well spent
